

Immune Vitamin C Gold

DIETARY SUPPLEMENT

Whether you're a dedicated top athlete or simply love to go walking in nature, everyone benefits from a strong immune system. We have therefore developed Immune Vitamin C Gold especially to meet this demand. With this product, you can give your immune system a helping hand during those moments when it can use a little extra support. For example, during:

- Intensive competition periods
- The run-up to an important competition
- The cold autumn and winter months

Vitamin C and Zinc

Vitamin C and zinc are important substances that optimally support your immune system, which is why Immune Vitamin C Gold contains the ideal combination of vitamin C and zinc. Vitamin C and zinc both have a positive effect on the immune system. In addition, Vitamin C contributes to maintaining a healthy immune system in cold weather and promotes resistance during and after physical exertion.

Giving your immune system a boost with astragalus¹

Astragalus (*Astragalus membranaceus*) is a herb that has been used in traditional Chinese medicine for thousands of years to strengthen the immune system.¹ Nowadays, research into the effects and health effects of the astragalus root is also being conducted in the Western world. The European Food Safety Authority (EFSA) is currently evaluating several health claims, including claims to enhancing the immune system, its antioxidant function, and the claimed circulatory benefits.

Açaí berry and cinchona bark

In addition to astragalus, vitamin C, and zinc, Immune Vitamin C Gold contains açaí berry and cinchona bark extract. A single dose of this supplement is equivalent to about 8 grams of açaí berries, while the cinchona bark provides natural quinine.

NZVT Certified

Immune Vitamin C Gold is produced in accordance with the anti-doping standards and other standards of the NZVT system (Anti-Doping Authority for the Netherlands) and therefore displays the NZVT logo. Immune Vitamin C Gold can be used by top athletes with confidence, so that they can concentrate on delivering an optimum athletic performance with peace of mind.

Recommended use

Take one capsule three times a day with plenty of water, preferably with a meal.
